

Don't leave your project outcome to chance...

Can a QS really add value to a residential project?.....

- ✓ Accurate estimates & budgets
- ✓ Insight in all cost factors
- ✓ Fast and economical tender methods
- ✓ Value engineering
- ✓ Control over key aspects of your project costs
- ✓ Healthy contract principles
- ✓ Diligent contract administration & cost tracking
- ✓ Claims adjudication
- ✓ Saving & Protecting your money

Research found that 80% of all residential contracts end up more than 20% over budget, and at least two months late

Joe du Plessis

Registered Quantity Surveyor

"Every client & project is unique"

"Trust is good, but control is better"

Take your project from GOOD to GREAT with proper planning, diligence and a well prepared contract.
